

THE HALF TRIATHLON

FEEDBACK

Lovely venue

Great for parking

Very good setup for transition/finish line and registration Nice lake to swim in Friendly, very well briefed and enthusiastic marshals all around the course Great aid stations, well equipped Chip timing and early registration/racking possible. Good café for snacks and drinks for the family and post-race, pasta party was good. Good race commentator. Excellent idea for the heli-cam pictures, hope these turn out well Good quality medals and swim caps, well signed throughout, no real confusion on where to go which could have easily been the case. A great team of people from registration to finish. Well organised with good instructions.

Nick

I just want to say thank you for such a good event over last weekend. I can't believe a week has gone by already. You all looked after me and I don't think I could have done it without you guys. Can you pass on my thanks to all of the team since they all sort of knew me ha ha. Mel

I quite simply cannot speak highly enough of my experience at the weekend. This was my first long distance event but I know from previous tri's I have done that the organisation was first rate. I had previously written in an email to you saying how effective I had found you and the other staff there in dealing with my questions and this attention to detail was evident on Sunday. The event was slick but most impressive was the attitude and commitment of every single member of staff and Marshall I encountered. Their support was above and beyond and it removed a lot of the stress from the event and really allowed me to focus on my race performance - something you'll appreciate as essential during a long course event.

The event had a carnival atmosphere that I haven't experienced at other shorter races. I enjoyed the whole experience thoroughly and would definitely do it again and recommend it to my triathlon friends. I want to thank you for the help I have had from all of you other there for making my day truly unique.

Ryan

Thanks for a fantastic event on Sunday and one which I will definitely recommend!! Great route , especially the bike route. It was my first half "iron distance" or 70.3 triathlon and I had a stormer !!!! Wayne

My first full Ultimate experience was absolutely brilliant at Dearnford Lake; Great venue, Well organised and marshalled and Spectator friendly. I was able to achieve my goal of breaking 12 hours and will be back next year looking at breaking 11 hours, especially with the early bird offer which makes it even better value for money. Thank you to UK Triathlon for a great experience.

Kind Regards

Steve

I would like to say what a fabulous job you made of the organisation - thank you very much. The course was great and the family friendly viewing/atmosphere added much to the event.

Nick

Just wanted to say thank you for putting on a brilliant event yesterday, well done!! I have done quite a few triathlons and that was the best experience I have had and it was down to the race organisers who were kind and encouraging from the start. I particularly loved the race briefing on the day where the man told us if we were struggling in the water we could hang on to the canoe for a minute and gather ourselves!! While I am sure no one needed to do this it was massively reassuring to know there was support in the water and we wouldn't be disqualified. Everyone got in the water more relaxed just from having such a nice positive start. The people who helped out at the aid stations were awesome and everyone involved couldn't have been kinder!! The swim course was set out brilliantly with nice big markers unlike other events I have done.

Ali

Just wanted to say a huge thank you for yesterday. The event was absolutely seamless and the combination of your team and the volunteer marshals made it run like absolute clockwork. I think I have done something approaching 20 of your events and I have never had a negative thought about any of them but yesterdays topped the lot it was absolutely superb and I hope this event continues for many years to come as it deserves to. Ian
